## Education

**Alexandria University**

*Faculty of Arts, History*

**Sep. 2021 – May 2025**

*Alexandria, State*

## Relevant Coursework

- Web Development
- Frontend Development
- Backend Development
- Database Management
- API Development
- Responsive Web Design
- JavaScript TypeScript
- React Next.js
- State Management (Redux Toolkit)
- UI/UX Principles
- Cloud Computing
- Server-Side Programming (Node.js, Express)

## Experience

**Focal Point**

**02/2024 – 02/2025**

*Full Stack Web Developer*

*Remotely*

- Software Engineer (Full Stack). Developed and maintained high-performance full-stack applications for websites using technologies such as React.js, Node.js, MongoDB.
- and Firebase. Designed and implemented RESTful APIs to support mobile feature development team. Practiced creating clone websites with complex designs, demonstrating proficiency in front-end technologies including HTML, CSS, and JavaScript. Collaborated with cross-
- functional teams to deliver on-time projects, leveraging expertise in both front-end and back-end development to ensure seamless integration and functionality. Completed design projects to meet budget, equipment, performance, and legal requirements.

## Projects

**Movie Love** | *React, Redux, Bootstrap, HTML, CSS, JavaScript*

**Ongoing**

- Developed an interactive platform that allows users to explore the latest movies and TV shows with details, trailers, and images.
- Implemented features such as trending movies and TV shows, search functionality, and recommendations based on user preferences.
- Utilized Redux for state management to enhance performance and maintain a scalable structure.
- Hosted the project online for public access: Movie Love Project.

**Your Bank** | *React, Redux, Bootstrap, Node.js, Express, MongoDB, JWT*

**Ongoing**

- Developed a comprehensive banking platform designed to provide individuals and businesses with innovative and personalized financial solutions.
- Built a secure authentication system using JWT for user login and data protection.
- Designed and implemented a user-friendly interface using React and Bootstrap to ensure an intuitive banking experience.
- Deployed the project online: Your Bank Platform.

**Portfolio Website** | *React, Vercel, Responsive Design*

**Ongoing**

- Designed and developed a personal portfolio website showcasing my projects, skills, and experience in a visually appealing manner.
- Implemented a fully responsive layout to ensure compatibility across various devices and screen sizes.
- Deployed the website using Vercel for fast and reliable hosting.
- Live link: Portfolio Website.

## Technical Skills

**Languages:** HTML, CSS, JavaScript, TypeScript
