Alexandria, Egypt

EDUCATION

Alexandria University — Alexandria, Egypt
Bachelor of Arts, History — *Sep. 2021 – May 2025*

RELEVANT COURSEWORK

Web Development • Frontend Development • Backend Development • Database Management • API Development • Responsive Web Design • JavaScript & TypeScript • React & Next.js • State Management (Redux Toolkit) • UI/UX Principles • Cloud Computing (Firebase) • Server-Side Programming (Node.js, Express)

EXPERIENCE

Full Stack Web Developer — Feb. 2024 – Feb. 2025
Focal Point — *Remote*

- Developed and maintained high-performance full-stack applications using React.js, Node.js, MongoDB, and Firebase
- Designed and implemented RESTful APIs to support mobile feature development team
- Created clone websites with complex designs, demonstrating proficiency in front-end technologies including HTML, CSS, and JavaScript
- Collaborated with cross-functional teams to deliver on-time projects, leveraging expertise in both front-end and back-end development
- Completed design projects to meet budget, equipment, performance, and legal requirements

PROJECTS

E-Commerce Platform | *Next.js, TypeScript, Tailwind CSS, Stripe* — 2024

- Developed a full-featured e-commerce platform with modern UI/UX design and responsive layout
- Implemented multi-language support (English/Arabic) with dynamic content switching
- Integrated Stripe payment gateway for secure transaction processing
- Built shopping cart functionality with persistent state management
- Deployed on Vercel with optimized performance and SEO: Live Demo

Movie Love Platform | *React, Redux, Bootstrap, JavaScript* — 2024

- Developed an interactive platform for exploring latest movies and TV shows with details, trailers, and images
- Implemented trending movies/TV shows, search functionality, and personalized recommendations
- Utilized Redux for state management to enhance performance and maintain scalable structure
- Integrated with movie database APIs for real-time content updates
- Live Demo: https://mahmoud-khames.github.io/Movieslove/

Your Bank Platform | *React, Redux, Node.js, Express, MongoDB, JWT* — 2024

- Built a comprehensive banking platform with innovative and personalized financial solutions
- Developed secure authentication system using JWT for user login and data protection
- Designed user-friendly interface using React and Bootstrap for intuitive banking experience
- Implemented account management, transaction history, and financial dashboard features
- Live Demo: https://your-bank-psi.vercel.app/

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript, TypeScript
Frontend Technologies: React, Next.js, Redux (Redux Toolkit), Tailwind CSS, Bootstrap, Framer Motion
Backend Technologies: Node.js, Express, GraphQL, Prisma, Firebase
Databases: MongoDB, PostgreSQL
Developer Tools: Git & GitHub, VS Code, Vercel
Other Skills: Responsive Web Design, RESTful APIs, Authentication (JWT, Clerk), Payment Integration (Stripe)
